

# NATIONAL APPRENTICESHIP PROGRAM

AKD has a long standing and successful National Apprenticeship Program, with over 70 apprentices in training across our business.

We're excited to announce that applications are now open for our 2024 intake of over 25 apprenticeship opportunities throughout our 6 sites.

Apprenticeships combine work (and pay) with on-the-job training and learning, so you get the skills you need to thrive whilst having the opportunity to work on state-of-the-art equipment and multimillion-dollar projects. You'll be supported throughout your journey and learn from our experienced tradespeople while you work towards a qualification you'll have for life.
